

CLIENT: City of San Luis Obispo, California

PLAN NAME: 2023 Economic Development Strategic Plan Update

UPDATE DATE: 1-Jul-24

ABOUT THIS DOCUMENT

This implementation matrix is designed to be a flexible, ever-evolving tool for tracking progress towards implementation of your strategic plan. In addition to identifying lead organizations and establishing priorities, it provides a graphic representation of when actions should realistically be implemented and suggests potential partners to help carry them out. The status column provides a visual indicator for monitoring where each strategy and action stands. Finally, space is provided for logging key milestones and accomplishments or capturing notes about barriers encountered.

MATRIX COMPONENTS

Lead Organization Organization responsible for implementation of this task.

Supporting Partners Stakeholder and partner organizations that will serve as collaborators or that can help move implementation forward.

Timeline A visual representation of the suggested timing of implementation

Status ON TRACK This item has been accomplished or action is on track toward meeting or maintaining this task.

IN PROGRESS Action has been initiated, but is delayed or otherwise not fully on track. Requires removal of barriers or other actions to achieve implementation.

INCOMPLETE Action has not begun on this item or barriers may prevent implementation.

Key Accomplishments / Notes Brief description of relevant activities, major milestones, and/or accomplishments related to this task

NOTE: The "Lead Organization" and "Status" columns have been conveniently formatted with dropdown lists. Please use one of the provided list items to populate these fields by clicking arrow that appears at the bottom right of each cell in these columns. See illustration. For the Status column, your selection will be automatically color-coded to match the indicators shown above. (These cells populate the drop -down menu and should not be edited or deleted. Likewise, the abbreviations shown in Column G are used to populate the Lead Organization drop-down list.) The remaining fields are free-form and will accommodate any length of text.
