QUESTION 1

Which statement best describes you? Click all that apply

		%	Count
I live in the City of San Luis Obispo.		81.6%	1061
I work in the City of San Luis Obispo.		46.0%	598
I play (recreate, shop, eat, etc.) in the City of San Luis Obispo.		58.5%	761
Other		6.5%	84

QUESTION 2

Should the City keep the goals the same for the 2023-25 Financial Plan?

Current Goals: Economic recovery, resiliency, and fiscal sustainability; diversity, equity, and inclusion; housing and homelessness; and climate action, open space, sustainable transportation

		%	Count
Yes, keep current goals (if selected, please click Submit below)		33.0%	429
No, I would like the goals to change		67.0%	871

QUESTION 3

2023-25 Community Priorities Survey

What should the City Council consider as top priorities during the 2023-25 fiscal years?

If you would like the City Goals to change, what should the City Council consider as the top priorities for the next two years? Please pick your Top 5 from the following alphabetized list, or add your own.

		%	Count
Climate Action (e.g., implement the City's Climate Action Plan for Community Recovery to reduce greenhouse gas emissions, prepare for the impacts of climate change, and develop the local green economy)		39.1%	426
Diversity, Equity, and Inclusion (e.g., focus on activities and initiatives that support marginalized racial, ethnic, and cultural groups)		21.8%	238
Downtown Vitality (e.g., continue to improve safety and cleanliness, invest in infrastructure and maintenance in the Downtown)		41.7%	454
Fiscal Sustainability and Responsibility (e.g., continue to implement efficiencies, strategic economic development and plans to address unfunded liabilities)		34.6%	377
Homelessness (e.g., partner with the County and community-based organizations to implement programs that prevent and support people experiencing homelessness, continue City Mobile Crisis Unit and Community Action Team efforts)		63.7%	694
Housing (e.g., facilitate increased production of all housing types designed to be economically accessible to the area workforce and low and very low-income residents)		40.2%	438
Infrastructure Maintenance (e.g., maintenance of roads, sidewalks, parks, and other City infrastructure)		49.3%	537
Open Space (e.g., preserve and maintain open space and natural areas)		48.9%	533
Public Safety (e.g., expand Fire/Police services, response for health emergencies and disaster preparedness)		27.4%	299
Sustainable and Multi-Modal Transportation (e.g., enhance accessible transit, bicycle, and pedestrian opportunities)		35.5%	387
Other (Please specify below)		15.0%	164

Question 4

2023-25 Community Priorities Survey

What should the City Council consider as top priorities during the 2023-25 fiscal years?

- Water security - if we are in a drought with less water available for our foreseeable future, we need to stop building houses and halt population growth
- Infrastructure - the city infrastructure including roads, street parking, water, sewer is not keeping up with the growth of the city. Stop the growth if the city can't afford to improve infrastructure accordingly.

- Stop catering to a loud and vocal minority and listen to/lean on the community that actually lives, works and pays bills in this community.

2023-25 Community Priorities Survey

What should the City Council consider as top priorities during the 2023-25 fiscal years?

- Cal Poly students and their parents are only here for a few years; they and their money no matter how great can no longer be allowed to dictate and rule our city
- Look at other cities in our area that are growing and thriving (ie Paso).. there are GLARING differences in what their downtown is doing compared to ours. Our city council, DT association and mayor are in denial about it.
- What has been done to Marsh and Higuera is a full on traffic hazard and a waste of money and resources. Every day the busiest streets downtown are reduced to 1 lane with delivery drivers having to dart across traffic and vehicles backed up for blacks because of this nonsense.
- There needs to be harsher consequences for Cal Poly students who keep getting noise citations. In the real their are consequences for your actions. They are supposed to be learning to be adults and since their parents have swooped in and buy a home for them and their friends and pay their fines every weekend they are not learning the lessons while their neighbors who have worked their butts off to buy their homes and still have to go to work the next day because Cinco de Mayo fell on a Tuesday and oddly enough Wednesday is a normal workday.

2023-25 Community Priorities Survey

What should the City Council consider as top priorities during the 2023-25 fiscal years?

Question 4

- Crack down on dangerous unhoused people. Compassion is not letting people abuse other people and brush it off as mental illness.
- Clean up medians/plant natives. The city looks messy. I think this could be partly accomplished with volunteers, I would certainly volunteer (and I do this in my own neighborhood already)
- More community outreach and involvement. Ask the children of SLO what they want to inherit so they want to come back.
- Already stated above, but I want to clarify. I no longer want to utilize downtown SLO because of too many terrifying incidents with homeless men. I specify men because it is never the women. They have screamed at me and my young daughters, two days ago there was a man yelling at people and carrying a machete. I called 911 and was asked, "Well is he swinging it at anyone?" We deserve to feel safe and allowing men, mentally ill or not, to repeatedly terrorize people is actually abuse. It isn't compassionate to allow them to live on the streets with untreated mental illness. I would like the city to take a much more firm stance on protecting our parks and community areas. If I were to suddenly act the way they do I'd be arrested in five minutes. Help should not be a choice. If these men will not accept treatment they are not allowed to loiter downtown and in parks. Period.

- No, I would like the goals to change

Question 3

- Climate Action (e.g., implement the City's Climate Action Plan for Community Recovery to reduce greenhouse gas emissions, prepare for the impacts of climate change, and develop the local green economy)
- Downtown Vitality (e.g., continue to improve safety and cleanliness, invest in infrastructure and maintenance in the Downtown)
- Housing (e.g., facilitate increased production of all housing types designed to be economically accessible to the area workforce and low and very low-income residents)
- Other (Please specify below)

Question 4

- I would like to see the City put an emphasis on safety by lowering speed limits whenever possible. Speed limits affect pedestrian and bike safety tremendously.
- Trees! Our City needs to not only talk about planting more trees but provide funding and staffing to manage our urban trees more effectively. I am concerned that trees are not seen as the longterm investment of urban cooling and property value (including making downtown much cooler and more attractive to residents and visitors. Trees take regular care and can be troublesome but they are vital.

- Public Safety (e.g., expand Fire/Police services, response for health emergencies and disaster preparedness)
- Sustainable and Multi-Modal Transportation (e.g., enhance accessible transit, bicycle, and pedestrian opportunities)

Question 4

- Keep new buildings in town 3 stories. Don't keep taking away view of the peaks from everywhere. It is part of the charm and brings in tourists.
- Keep consistency in road design and planning. there are so many inconsistent changes with bike lanes and roundabouts that driving in town is confusing and dangerous. The new segregated bike paths downtown are a perfect example. It actually, imo, increases my risk as a bike rider, as cars turning right into driveways cannot see bikes in the lane due to parked cars.
- Keep more of a consistent theme in architecture in downtown. It used to look like a quaint coastal town with old commercial buildings and victorians. Now it is a hodgepodge of architectural styles that do not really provide any cohesion.

Name not available

inside Neighborhood 6

November 15, 2022, 8:05 AM

Question 1

- I live in the City of San Luis Obispo.
- I work in the City of San Luis Obispo.
- I play (recreate, shop, eat, etc.) in the City of San Luis Obispo.

2023-25 Community Priorities Survey

What should the City Council consider as top priorities during the 2023-25 fiscal years?

Question 2

- No, I would like the goals to change

Question 3

- Downtown Vitality (e.g., continue to improve safety and cleanliness, invest in infrastructure and maintenance in the Downtown)
- Homelessness (e.g., partner with the County and community-based organizations to implement programs that prevent and support people experiencing homelessness, continue City Mobile Crisis Unit and Community Action Team efforts)
- Housing (e.g., facilitate increased production of all housing types designed to be economically accessible to the area workforce and low and very low-income residents)
- Open Space (e.g., preserve and maintain open space and natural areas)
- Other (Please specify below)

Question 4

- The homeless suffer from a high % of mental and physical health issues including drug addiction. There is a smaller % that are just down on their luck. We need to help the people who are down on their luck with apartments (not shelters) and the rest with enforced medical care.
- It is ridiculous how much real estate costs in this city. The rules regarding low income housing for developers is not effective. Housing for students should be looked into, I don't know the answer but student housing is one of the main reasons rental costs are so high in this city, this should be a priority.
- Downtown vitality starts with having businesses that serve the community. Having more bars or tourist business encourage turnover. Property owners would rather have their storefronts sit empty than lower the rates, how to deal with that?
- Downtown parking and traffic is an issue for downtown vitality. Bike lanes are nice but only a small % of residents will ride bikes. For those that do, bike theft is an issue. Some suggestions: Free park and ride for downtown, Safe bike parking, More free motorcycle and scooter parking.
- Lots of homeless downtown and many suffer from mental illness, some may be dangerous. Many residents feel threatened by these people, we need to get them off the streets and into a mental care program.

Question 4

2023-25 Community Priorities Survey

What should the City Council consider as top priorities during the 2023-25 fiscal years?

- Monitor usage of bike lanes DECREASE or STALL further development of more lanes if bike traffic doesn't warrant them.
- SLOW further development of housing if WATER resources are dwindling and street traffic cannot bear further burden
- Plan on more electric car usage rather than more bicycle usage. Free up the street to allow more future motorized vehicles rather than bikes.

Question 1

- I live in the City of San Luis Obispo.

Question 2

- No, I would like the goals to change

Question 3

- Climate Action (e.g., implement the City's Climate Action Plan for Community Recovery to reduce greenhouse gas emissions, prepare for the impacts of climate change, and develop the local green economy)
- Diversity, Equity, and Inclusion (e.g., focus on activities and initiatives that support marginalized racial, ethnic, and cultural groups)
- Downtown Vitality (e.g., continue to improve safety and cleanliness, invest in infrastructure and maintenance in the Downtown)
- Housing (e.g., facilitate increased production of all housing types designed to be economically accessible to the area workforce and low and very low-income residents)
- Open Space (e.g., preserve and maintain open space and natural areas)

Question 4

- Beyond climate action, upgrade our water systems and policies to make us resilient to the continuing—and likely worsening—drought. Offer incentives for gray water recovery and xeriscaping, and increase penalties for water wasters such as golf courses. Fund rainwater recovery efforts, providing residences with free or low-cost rain barrels.
- Become a sanctuary city for climate and political refugees, with a funded, sanctioned community network of housing, job placement and child care.

2023-25 Community Priorities Survey

What should the City Council consider as top priorities during the 2023-25 fiscal years?

- Homelessness (e.g., partner with the County and community-based organizations to implement programs that prevent and support people experiencing homelessness, continue City Mobile Crisis Unit and Community Action Team efforts)
- Housing (e.g., facilitate increased production of all housing types designed to be economically accessible to the area workforce and low and very low-income residents)
- Infrastructure Maintenance (e.g., maintenance of roads, sidewalks, parks, and other City infrastructure)
- Public Safety (e.g., expand Fire/Police services, response for health emergencies and disaster preparedness)

2023-25 Community Priorities Survey

What should the City Council consider as top priorities during the 2023-25 fiscal years?

November 15, 2022, 10:13 AM

Question 1

- I live in the City of San Luis Obispo.
- I work in the City of San Luis Obispo.
- I play (recreate, shop, eat, etc.) in the City of San Luis Obispo.

Question 2

- Yes, keep current goals (if selected, please click Submit below)

Question 3

- Climate Action (e.g., implement the City's Climate Action Plan for Community Recovery to reduce greenhouse gas emissions, prepare for the impacts of climate change, and develop the local green economy)
- Diversity, Equity, and Inclusion (e.g., focus on activities and initiatives that support marginalized racial, ethnic, and cultural groups)
- Homelessness (e.g., partner with the County and community-based organizations to implement programs that prevent and support people experiencing homelessness, continue City Mobile Crisis Unit and Community Action Team efforts)
- Housing (e.g., facilitate increased production of all housing types designed to be economically accessible to the area workforce and low and very low-income residents)
- Sustainable and Multi-Modal Transportation (e.g., enhance accessible transit, bicycle, and pedestrian opportunities)

Question 4

- Incentives for residents to adopt zero-emission vehicles (ZEVs) by lowering the cost of EVs at purchase and creating EV carshare and E-bikeshare programs for SLO County workforce.
- Consider housing vouchers for middle income residents that are often left out of the housing availability, which is usually for high-income and low-income households only.
- Prioritize in helping transit agencies transition quickly to zero emission buses.
- Consider micro-transit partnerships (i.e. Via Transportation) to help draw more people out of single occupancy vehicles.
- Expand transit to rural areas to be inclusive, accessible, and equitable for all residents.

2023-25 Community Priorities Survey

What should the City Council consider as top priorities during the 2023-25 fiscal years?

November 15, 2022, 10:58 AM

Question 1

- I live in the City of San Luis Obispo.

Question 2

- No, I would like the goals to change

Question 3

- Fiscal Sustainability and Responsibility (e.g., continue to implement efficiencies, strategic economic development and plans to address unfunded liabilities)
- Infrastructure Maintenance (e.g., maintenance of roads, sidewalks, parks, and other City infrastructure)
- Open Space (e.g., preserve and maintain open space and natural areas)
- Other (Please specify below)

Question 4

- Measurement. that's the trouble with the climate stuff and the diversity stuff - nothing gets measured and it's just spending money to feel good. Let's state our exact goals and measure our progress.
- Bicycle lanes. if you're going to spend money on climate stuff, spend it on bike lanes. improve access/exercise. reduce pollution/congestion. make the town nicer.
- I worry that the only people who participate in politics/surveys like this are a limited, wealthy sample with free time and strong leanings toward compassion, agreeableness, and participation, and that this will skew your sample of responses away from fiscal responsibility and sensible incremental, measurable improvements.
- If you're going to spend on "compassion"-oriented activities, spend on kids and education. Don't spend on the loudest adult "activists". There's a cohort that are now university trained to grab political power in the name of compassion without actually doing any measurable good.
- Thanks for listening.

Question 1

- I live in the City of San Luis Obispo.

Question 2

- No, I would like the goals to change

Question 3

- Homelessness (e.g., partner with the County and community-based organizations to implement programs that prevent and support people experiencing homelessness, continue City Mobile Crisis Unit and Community Action Team efforts)
- Housing (e.g., facilitate increased production of all housing types designed to be economically accessible to the area workforce and low and very low-income residents)
- Infrastructure Maintenance (e.g., maintenance of roads, sidewalks, parks, and other City infrastructure)
- Open Space (e.g., preserve and maintain open space and natural areas)
- Other (Please specify below)

Question 4

- Secure city infrastructure from unauthorized access such as street tunnels. Homeless people live in these tunnels and continuously trash these waterways. Installing heavy metal security gates will save countless hours of work from police & other city staffers.
- Establish a program to routinely inspect and clean up trash in creeks, parks, and other open spaces caused predominantly by homeless people. Be proactive instead of reactive.

2023-25 Community Priorities Survey

What should the City Council consider as top priorities during the 2023-25 fiscal years?

- Protect iconic view scapes of hillsides from being degraded/disappearing by new development (ie-massive art structure in new roundabout at Orcutt & Tank Farm Rd). Have greater sensitivity to the natural surroundings & understand what type of development would be incompatible with its surroundings.
- Target roads most heavily used by trucks for repaving with high quality pavement that lasts a long time (ie-Sacramento Rd and Tank Farm Rd). Continuing to patch potholes on these streets don't resolve the overall poor condition of these roads.
- Install more Level 2 electric car charging stations and develop/publicize a city map showing where all public charging stations in the city are. Establish an incentive program for multi-family housing developments such as apartment complexes to install electric car charging stations.

2023-25 Community Priorities Survey

What should the City Council consider as top priorities during the 2023-25 fiscal years?

Question 4

- Maintain "bikeability" *without* diminishing the travel experience of the other 90% of the population who do not ride bicycles. i.e. Keep roads safe and drivable for BOTH bikes and cars.
- Make sure parking structures are safe for walking pedestrians. In our current parking structures, once you get out of your car, you are forced to walk in the driveways where the cars are. There should be a marked, designated safe place for pedestrians to walk -- away from vehicles.

- No, I would like the goals to change

Question 3

- Homelessness (e.g., partner with the County and community-based organizations to implement programs that prevent and support people experiencing homelessness, continue City Mobile Crisis Unit and Community Action Team efforts)
- Infrastructure Maintenance (e.g., maintenance of roads, sidewalks, parks, and other City infrastructure)
- Public Safety (e.g., expand Fire/Police services, response for health emergencies and disaster preparedness)
- Other (Please specify below)

Question 4

- We are vulnerable to "Acts of God", ie, earthquakes and wildfires. Only fools would not pre-prepare for same. Please underground utility lines! Provide the populace with designated safe routes out of the City.
- You are cluttering up the City streets with impediments to escape as well as ridiculously unsustainable artisanal elements plus bike lanes. Good luck to those who need to escape the natural disaster via a bike.
- This vulnerable City should provide escape plans for all those here, be it during the day for work or those who reside here. Safe street routes out of town should be secured and designated.
- You will ignore this advice no doubt, because you do not consider these types of events as ever possibly occurring here or assume any personal responsibility in your official roles for them when they do occur.

- Open Space (e.g., preserve and maintain open space and natural areas)
- Public Safety (e.g., expand Fire/Police services, response for health emergencies and disaster preparedness)

Question 4

- Please eliminate the concrete barriers on Higuera - you call them bike lanes? They are SO confusing and just create a little chaotic situation. It just takes away from our "precious" parking spaces and creates confusion with what was done.
- The City should help invigorate the downtown! Don't allow businesses with 5 or more locations to be there. Arroyo Grande has that policy and its worked well for the business climate and owners there. Doesn't the city care about the retailers downtown???
- Stop raising the rates on Parking and Parking Meters - in fact eliminate the parking meters.
- Its time to also eliminate the parklettes. They're just an eyesore and take up precious parking spaces! Their intention was successful but now its done! Eliminate them!

2023-25 Community Priorities Survey

What should the City Council consider as top priorities during the 2023-25 fiscal years?

Question 1

- I live in the City of San Luis Obispo.

Question 2

- No, I would like the goals to change

Question 3

- Infrastructure Maintenance (e.g., maintenance of roads, sidewalks, parks, and other City infrastructure)
- Open Space (e.g., preserve and maintain open space and natural areas)
- Other (Please specify below)

Question 4

- Neighborhood Wellness: i.e., PROTECTING residential neighborhoods so the city retains a viable homeowner base
- Learning, and practicing, climate action correctly. At present the city ignores the impacts its everyday actions (street paving, bike facility construction, talk of tearing down a police station and building anew instead of fixing and expanding, permitting massive and unnecessary mature tree removal, etc.) have on climate. The city looks no further than operational carbon, but ignores everything else. You don't know what you're doing!!!
- Greater actual environmental protection. At present city's version is hot air and hypocrisy. For example, one needs a categorical devotion to protecting other species instead of harming them with overuses of open space.

Question 4

- NPR is cautioning drivers to come to complete stops for Red Lights, etc. I'd personally like to see more police action regarding persons driving over the speed limit throughout our community. i.e. South Street, Broad street
- Install a stop light (and/or round about) at King & South Street - There is quite an amount of pedestrian traffic taking kids to grammar school, walking their toddlers and dogs.
- Pay more attention to the Community Gardens; not being maintained nor monitored by City Parks & Red staff! i.e. Meadow Park, etc.
- Please do not use "wood chips" in the garden walk ways - that is a tripping hazard for people w/mobility & balance issues. Decomposed Granite would be a suggestion. Surely the City can find a donor

Question 4

2023-25 Community Priorities Survey

What should the City Council consider as top priorities during the 2023-25 fiscal years?

• I think we are reaching a critical point at which we NEED to see something change about rental prices in SLO. As someone well within the lower-income bracket, I speak for many when I say it's just a matter of time before I am pushed out of this town because of my income level. I find myself lucky to have found one of VERY few lower-income housing options, and we NEED NEED NEED more of this.

- Sustainable and Multi-Modal Transportation (e.g., enhance accessible transit, bicycle, and pedestrian opportunities)

Question 4

2023-25 Community Priorities Survey

What should the City Council consider as top priorities during the 2023-25 fiscal years?

No response

Name not available

inside Neighborhood 7

November 19, 2022, 2:32 PM

Question 1

- I live in the City of San Luis Obispo.

Question 2

- No, I would like the goals to change

Question 3

- Downtown Vitality (e.g., continue to improve safety and cleanliness, invest in infrastructure and maintenance in the Downtown)

Question 4

- Viable downtown
- Stores, boutiques - to reduce carbon footprint and shop locally - not just bars and restaurants
- Responsible proactive behavior re: development and limited water
- Safety of local families with children downtown
- Realization that families with little kids live in SLO and want to go downtown

Name not available

Question 1

- I live in the City of San Luis Obispo.
- I play (recreate, shop, eat, etc.) in the City of San Luis Obispo.

Question 2

- No, I would like the goals to change

Question 3

- Fiscal Sustainability and Responsibility (e.g., continue to implement efficiencies, strategic economic development and plans to address unfunded liabilities)

- Housing (e.g., facilitate increased production of all housing types designed to be economically accessible to the area workforce and low and very low-income residents)
- Infrastructure Maintenance (e.g., maintenance of roads, sidewalks, parks, and other City infrastructure)
- Open Space (e.g., preserve and maintain open space and natural areas)
- Sustainable and Multi-Modal Transportation (e.g., enhance accessible transit, bicycle, and pedestrian opportunities)

Question 4

- Expand infrastructure - use a portion of TOT (General Fund) monies to help establish/improve enclosed dog parks. 1/3 of all households have dogs. 1/6th of all tourists bring their dogs with them when traveling. We need at least one signature enclosed dog park now for this unmet need..

Question 1

2023-25 Community Priorities Survey

What should the City Council consider as top priorities during the 2023-25 fiscal years?

- I live in the City of San Luis Obispo.
- I play (recreate, shop, eat, etc.) in the City of San Luis Obispo.

Question 2

- No, I would like the goals to change

Question 3

- Climate Action (e.g., implement the City's Climate Action Plan for Community Recovery to reduce greenhouse gas emissions, prepare for the impacts of climate change, and develop the local green economy)
- Open Space (e.g., preserve and maintain open space and natural areas)
- Public Safety (e.g., expand Fire/Police services, response for health emergencies and disaster preparedness)
- Sustainable and Multi-Modal Transportation (e.g., enhance accessible transit, bicycle, and pedestrian opportunities)

Question 4

- Control city growth to help keep costs down and help use less water on new developments.

November 20, 2022, 3:47 PM

Question 1

- I live in the City of San Luis Obispo.
- I play (recreate, shop, eat, etc.) in the City of San Luis Obispo.
- Other - I am not working at this time as I am semi-retired. I may find a part-time job here in San Luis Obispo. I grew up here in San Luis Obispo.

Question 2

- Yes, keep current goals (if selected, please click Submit below)

Question 3

- Climate Action (e.g., implement the City's Climate Action Plan for Community Recovery to reduce greenhouse gas emissions, prepare for the impacts of climate change, and develop the local green economy)
- Diversity, Equity, and Inclusion (e.g., focus on activities and initiatives that support marginalized racial, ethnic, and cultural groups)
- Fiscal Sustainability and Responsibility (e.g., continue to implement efficiencies, strategic economic development and plans to address unfunded liabilities)
- Homelessness (e.g., partner with the County and community-based organizations to implement programs that prevent and support people experiencing homelessness, continue City Mobile Crisis Unit and Community Action Team efforts)
- Housing (e.g., facilitate increased production of all housing types designed to be economically accessible to the area workforce and low and very low-income residents)

Question 4

- The City of SLO should not sell recycled waste water to out of town vineyards in Edna Valley.
- The City of SLO Police Department should be able to build a new Police Department Head Quarters for less than \$60 million. \$60 Million for a new PD HQ is exorbitant. They could find an existing building and remodel it.

2023-25 Community Priorities Survey

What should the City Council consider as top priorities during the 2023-25 fiscal years?

- Redo the new bike lanes and reduced driving lanes in downtown, and return it to the common sense traffic configurations as it was before these absurd constrictive modifications that have been made recently.
- SLO City Planning really needs to think things through before they make absurd changes. I used to work in civil engineering dealing with traffic striping and safety, and the Planning Department, at this time, does not make sense for safety and viability.
- Thank you for this survey.

Question 1

- I live in the City of San Luis Obispo.

Question 2

- No, I would like the goals to change

Question 3

- Fiscal Sustainability and Responsibility (e.g., continue to implement efficiencies, strategic economic development and plans to address unfunded liabilities)
- Homelessness (e.g., partner with the County and community-based organizations to implement programs that prevent and support people experiencing homelessness, continue City Mobile Crisis Unit and Community Action Team efforts)
- Housing (e.g., facilitate increased production of all housing types designed to be economically accessible to the area workforce and low and very low-income residents)

Question 4

- Housing is a large issue. Issuance of starter homes, townhomes, and first upgrades need to be more readily available. Inventory of these homes is not enough to support the migration to San Luis Obispo from larger cities with higher pay. Local working residents have been priced out and local permitting is allowing the infrastructure for larger homes without providing options for local pay bands. This should be a priority if SLO would like to maintain its community. Otherwise it will be no better than other exclusive small towns on the coast which most of us choose not to live on purpose. Don't make the same mistake in desire for larger property tax collections on price but build a community people can afford to live, work, and invest in.

Question 2

- No, I would like the goals to change

2023-25 Community Priorities Survey

What should the City Council consider as top priorities during the 2023-25 fiscal years?

Question 3

- Climate Action (e.g., implement the City's Climate Action Plan for Community Recovery to reduce greenhouse gas emissions, prepare for the impacts of climate change, and develop the local green economy)
- Housing (e.g., facilitate increased production of all housing types designed to be economically accessible to the area workforce and low and very low-income residents)
- Infrastructure Maintenance (e.g., maintenance of roads, sidewalks, parks, and other City infrastructure)
- Open Space (e.g., preserve and maintain open space and natural areas)
- Sustainable and Multi-Modal Transportation (e.g., enhance accessible transit, bicycle, and pedestrian opportunities)

Question 4

- Testing and evaluation of all city water sources and wells, air quality and investigation into business's and industry's who contaminate through their processes. Testing of soils quality and areas of contamination and concern. A concerted effort to promote preservation and safety on all levels of water, air and soil.
- Halting of all large scale development apartments and housing which are only eligible to those who make over \$5000 per month. Encouragement and opportunities for alternative living modalities and small scale low impact houses or apartment style units.
- Improve the bus transportation to the city and downtown. Perhaps reimplement the trolley system or private collaborative ideas for public benefit. More frequent pick ups, extended night time and weekend service.
- Close Higuera in the downtown to only a pedestrian corridor. Add attractive pathways, benches, landscape, water features, and public art. Encourage outdoor minstrels and entertainment at specific podiums on the walk path.
- Prioritize general public health both physically and mentally. Promotion of minimalist living and social connections. Enhancement of heart and soul through community gatherings at parks, halls or at the mission outdoor space with free public entertainment of all types.

Name not available

December 14, 2022, 9:29 AM

Question 1

- I live in the City of San Luis Obispo.

Question 2

- No, I would like the goals to change

Question 3

- Infrastructure Maintenance (e.g., maintenance of roads, sidewalks, parks, and other City infrastructure)
- Public Safety (e.g., expand Fire/Police services, response for health emergencies and disaster preparedness)

2023-25 Community Priorities Survey

What should the City Council consider as top priorities during the 2023-25 fiscal years?

- Sustainable and Multi-Modal Transportation (e.g., enhance accessible transit, bicycle, and pedestrian opportunities)

Question 4

- Address Roads and Bike Lanes so that non motorized mobility needs are met. Too many roads in SLO City do not YET conform to ADA, State Regulated Mandates for safe Bike Lane infrastructure. Address Bike Lanes and alternative thruways for Bike Paths and Bike Lanes that offer continuity to the outlying developed areas which currently have NO Protective zones for bikers who do not have the ability to discern safety within traffic. I.e: Broad Street and South Broad Street Plan and Engineering of this area has no continuous or safe route for me. Amend the SLO City Ordinance passed in 1983 to Allow Bicycling on Sidewalks in areas where State Regulated Improvements are not yet in place. SLO City Ordinance 3220.10 needs to be amended. I am just 1 person with Low Vision who can not discern conditions presented within the Road and its traffic. Roads not yet developed do not offer a safe place for me to get around as I need to. I can not bike in the very long stretch of road on Broad Street from Orcutt to Tank Farm Road. I can not use Tank Farm Road. very long roads that were never developed for Pedestrians or Bikes are still in the stages of planning. Thus, I need to be able to ride or walk my bike when I can not put myself on the Road. The amendment needs to assure safer use for non motorized mobility until a road has properly addressed an implemented ADA and State Regulations for all users. Accessible options to patron businesses, services and our mixed use communities are still lacking a safe route. When designing Bike Lanes it is important include ADA Regulations for all. I and many people with disabilities have specific mobility concerns that do not make us safe and decrease our independence and lifestyle. Please amend the SLO City Ordinance 3220.10 from 1983 to allow discretionary use of biking on a sidewalk.
- SLO City Bus Transportation is under utilized because the routes are not frequent and do not provide access for the back and forth necessary. Evening service and weekend service times schedules at least every 30 minutes at peak times
- Build parking facilities in the outer limits and increase Public Transportation/trolley and multi modal pathways.
- Create Ordinance to place Passive Use Areas on the upper level of the Parking Garages. Park like areas are ADA Compliant with the existing elevators. Brings a holistic unique SLO opportunity
- Remove the "in-lieu" and "linkage" fee options from SLO City Plannin. Need available units on the market meeting income standards for Low Income and Affordable Housing to rent or for purchase. It is time for SLO City commit to what they "may" do. It is obvious developers will still develop in SLO even without an incentive to pay.

2023-25 Community Priorities Survey

What should the City Council consider as top priorities during the 2023-25 fiscal years?

- Open Space (e.g., preserve and maintain open space and natural areas)
- Other (Please specify below)

Question 4

- Urban Forest - is a part of Climate change - drought and which trees are best to plant in a changing environment, how to replenish our aging Urban forest as well as from trees that are dying/removals for development & other reasons
- Allowing SLO City/County to harvest rain and use gray water systems. - If we are to maintain drinking water, Ag, the Urban Forest etc we need to be proactive and think ahead. Be innovative. And Make it affordable if there are any, if needed, permits from the City. As this really only hurts the lower class and poor.
- Diversity - environmental injustice... Consult - <https://treeequityscore.org/reports/place/san-luis-obispo-ca/> as a start.
- Infrastructure - not sure if this is City but we need to think about outdated Utility i.e. water, sewer. The sewage spill at CMC is unacceptable. This needs to be addressed. Whether, City, County, State &/or Fed.
- We have a lot of building spaces that are now empty. i.e Tahoe Joes ... and others... Get more business to come to SLO, preferable not far right companies like Hobby Lobby.

Question 3

2023-25 Community Priorities Survey

What should the City Council consider as top priorities during the 2023-25 fiscal years?

No response

Question 4

- in housing development, add serious water use planning. in drought years, it seems we are using old outdated ideas from 10 years ago
- in working with the homeless issues, add serious mental health help for many of those who cannot help themselves out of their homeless situations.
- add more recreational space in residential areas that does not promote long term homeless campout situations.
- consider using land under the power lines to grow public food gardens similar to the city gardens around emerson, laurel lane and broad streets. sprinklers are already in place.
- keep our surroundings agriculturally oriented but use the GLEAN folks to help collect unsold excess crops before plowing them under.

- Sustainable and Multi-Modal Transportation (e.g., enhance accessible transit, bicycle, and pedestrian opportunities)

2023-25 Community Priorities Survey

What should the City Council consider as top priorities during the 2023-25 fiscal years?

Question 4

- homeless
- homeless
- homeless

Name not available

December 15, 2022, 8:05 AM

Question 1

- I live in the City of San Luis Obispo.
- I work in the City of San Luis Obispo.
- I play (recreate, shop, eat, etc.) in the City of San Luis Obispo.

Question 2

- No, I would like the goals to change

Question 3

- Downtown Vitality (e.g., continue to improve safety and cleanliness, invest in infrastructure and maintenance in the Downtown)
- Homelessness (e.g., partner with the County and community-based organizations to implement programs that prevent and support people experiencing homelessness, continue City Mobile Crisis Unit and Community Action Team efforts)
- Housing (e.g., facilitate increased production of all housing types designed to be economically accessible to the area workforce and low and very low-income residents)
- Infrastructure Maintenance (e.g., maintenance of roads, sidewalks, parks, and other City infrastructure)
- Public Safety (e.g., expand Fire/Police services, response for health emergencies and disaster preparedness)

Question 4

- Playground on Foothill side of town
- Clean up existing playgrounds from dirt, spiderwebs and transients
- Take care of the homeless people and stop camping on public places
- Take a look at Dennis the menace park in Monterey. Why do we not have anything like this here in town?

2023-25 Community Priorities Survey

What should the City Council consider as top priorities during the 2023-25 fiscal years?

inside Neighborhood 7
December 15, 2022, 9:11 AM

Question 1

- I live in the City of San Luis Obispo.
- I work in the City of San Luis Obispo.
- I play (recreate, shop, eat, etc.) in the City of San Luis Obispo.

Question 2

- No, I would like the goals to change

Question 3

- Climate Action (e.g., implement the City's Climate Action Plan for Community Recovery to reduce greenhouse gas emissions, prepare for the impacts of climate change, and develop the local green economy)
- Diversity, Equity, and Inclusion (e.g., focus on activities and initiatives that support marginalized racial, ethnic, and cultural groups)
- Homelessness (e.g., partner with the County and community-based organizations to implement programs that prevent and support people experiencing homelessness, continue City Mobile Crisis Unit and Community Action Team efforts)
- Housing (e.g., facilitate increased production of all housing types designed to be economically accessible to the area workforce and low and very low-income residents)
- Sustainable and Multi-Modal Transportation (e.g., enhance accessible transit, bicycle, and pedestrian opportunities)

Question 4

- create safe spaces where Black folk and other marginalized communities can gather comfortably
- I do not support the proposed spending of \$52 million for a new police building. Many communities are shifting funding from police budgets to other community services, such as housing, healthcare and mental health support, food insecurity support, social services, youth and senior services. These are crucial community services that will actually make our community safer.
- convert all the empty commercial buildings throughout town to social housing for low and very low income folks
- provide home ownership supports to Black families
- increase child care resources

Question 2

- No, I would like the goals to change

Question 3

- Climate Action (e.g., implement the City's Climate Action Plan for Community Recovery to reduce greenhouse gas emissions, prepare for the impacts of climate change, and develop the local green economy)
- Homelessness (e.g., partner with the County and community-based organizations to implement programs that prevent and support people experiencing homelessness, continue City Mobile Crisis Unit and Community Action Team efforts)
- Housing (e.g., facilitate increased production of all housing types designed to be economically accessible to the area workforce and low and very low-income residents)
- Open Space (e.g., preserve and maintain open space and natural areas)
- Other (Please specify below)

Question 4

- Affordable Childcare: Child care needs to be a part of this plan as essential infrastructure. We need a permanent funding source to make it affordable for families and to help the industry pay more for their teachers. In many thriving cities, developers are given part of the financial responsibility to help fund child care when they are allowed to build in a city. SLO doesn't even have incentives for developers to contribute. This needs to be a priority for our city and its citizens.

Question 3

- Downtown Vitality (e.g., continue to improve safety and cleanliness, invest in infrastructure and maintenance in the Downtown)
- Fiscal Sustainability and Responsibility (e.g., continue to implement efficiencies, strategic economic development and plans to address unfunded liabilities)
- Homelessness (e.g., partner with the County and community-based organizations to implement programs that prevent and support people experiencing homelessness, continue City Mobile Crisis Unit and Community Action Team efforts)

Question 4

- CHILDCARE - My family has two small kids in childcare and it has been a very difficult few years. It would be wonderful if the city could help out with a permanent funding source to subsidize this in some way. We have a great preschool, but they have continuous staffing issues.

Question 1

- I live in the City of San Luis Obispo.
- I work in the City of San Luis Obispo.
- I play (recreate, shop, eat, etc.) in the City of San Luis Obispo.

Question 2

- No, I would like the goals to change

Question 3

- Downtown Vitality (e.g., continue to improve safety and cleanliness, invest in infrastructure and maintenance in the Downtown)
- Fiscal Sustainability and Responsibility (e.g., continue to implement efficiencies, strategic economic development and plans to address unfunded liabilities)
- Homelessness (e.g., partner with the County and community-based organizations to implement programs that prevent and support people experiencing homelessness, continue City Mobile Crisis Unit and Community Action Team efforts)
- Infrastructure Maintenance (e.g., maintenance of roads, sidewalks, parks, and other City infrastructure)
- Other (Please specify below)

Question 4

- Try to attract more medical care to the area. Most providers are more than 4-5 months out if they're even accepting patients.
- Offer a low cost parking permit to locals to use the 10 hour meters, to boost downtown business
- Spend our money wisely. ie., that new art at the Orcutt Rd. roundabout. I don't know how much it cost us, but it makes zero sense there, is just more distraction and blocked view for drivers and will eventually be hit by a speeding car.
- Add more activity opportunities, suggestions: Open batting cages at Sinsheimer park. Add a dirt bike/mountain biking trail off of Tank Farm (think like the one in Morro Bay but bigger).
- Stop making it harder to get through town in a car. Remove the automatic pause between lights. Stop taking away roads while adding people. Stop allowing people to build without having enough parking.

- Climate Action (e.g., implement the City's Climate Action Plan for Community Recovery to reduce greenhouse gas emissions, prepare for the impacts of climate change, and develop the local green economy)
- Open Space (e.g., preserve and maintain open space and natural areas)

Question 4

- The city paid for TWO surveys to find out what residents wanted as their top priorities (and that they were willing to tax themselves for) and the city just ignored the input.
- Stop trying to manipulate the information that comes out of city hall. If you were being honest you wouldn't need public relations people.
- The city has arranged it so that residents are the minority in their own city's goals and activities. Tourism is given priority over resident's needs.
- The city needs to count tourism's VMT - travel to and from the city when it spends hundreds of thousands of dollars to entice tourists here. To manipulate the numbers of VMT to only 'travel in the city' is been dishonest
- Residents wanted open space for the protection of wildlife in their survey responses and the city has manipulated that to mean, tourism and recreation events come first.

Question 4

2023-25 Community Priorities Survey

What should the City Council consider as top priorities during the 2023-25 fiscal years?

• Following the priority of safety, there NEEDS to be more street lights in the neighborhoods around the campus of Cal Poly. I understand the issue of light pollution, however there are street lights that don't emit as much light pollution, yet still function for safety (Hawaii street lights). This is a serious issue and these dark streets are dangerous. Focusing on diversity projects or climate projects don't encourage people to move to cities, safety does.
